## JUST FOR KICKS

**Surgeons General Warning:** Horses  
are expensive, addictive, and may  
impair the ability to use common  
sense.

They told me that when I bought a  
horse I would meet lots of new  
people. I did, and every one of  
them is holding out their hands for  
money. The farrier, the vet.....

I whisper..... But my horse doesn't  
listen.

To induce labor in a mare.....take a  
nap.

To cure equine constipation.....load  
them in a clean trailer.

To get a mare to come in  
heat....take her to a show.

To get a mare in foal the first  
cover.....let the wrong stallion get  
out of his stall.

To make sure that a mare has that  
beautiful, perfectly marked foal  
you always wanted.....sell her  
before she foals.

To induce a cold snap in the  
weather....clip a horse.

#### GOOD ADVICE

Don't buy a horse from anyone who  
keeps telling you how honest they  
are.

A dime is still good for  
something.....you can tighten the  
latch on your trailer with one.

Don't ever buy a horse expecting it  
to be your last one.
